

Art work competition

Annual Research Symposium 2017

The organizing committee of the Annual Research Symposium 2017 calls for the staff and students of the University of Colombo to submit proposals for art work for this year's Annual Research Symposium. A University wide competition will be held to select the most suitable art work for the event. The winning entry of this competition will be used for stationary and other material that will be issued for the event. This would include the invitation cards, banners, brochure, the Proceedings and any other promotional material.

The art work should:

- Reflect the theme of this year's research symposium which is "Research for Development" and can include the University logo. If text is to be used it has to be either in English or in all three languages. It cannot be only in one of the national languages.
- be a YMCK vector graphic made with a software application such as CorelDraw, Illustrator, Inkscape
- be the original work of the participant
- be submitted in two file formats (native format of the software application used and exported to a pdf) to the Academic and Publications Branch on or before July 5, 2017

The selected art work will be awarded a certificate and cash prize by the University at the Annual Research Symposium.

The author of the winning entry will be required to enter into an agreement with the University regarding the copyrights to the art work.

Dr. Pavithra Kailasapathy

Chairperson

Annual Research Symposium -2017
