Class Mode:
ONLINE MODE
WEEKEND CLASSES

Introduction

Faculty of Graduate Studies of the University of Colombo, announces the commencement of its Master programme of Public Administration & Management (MPA&M) in the academic year 2026.

The programme of study is designed on the one hand for the public sector employees, key players in the process of socio-economic development of a country and on the other hand for the Private sector employees and those who aspire entering into or to engage in activities relating to public administration and public management includes young graduates. MPA&M have been designed to enhance skills and capacities needed for the daunting task of managing public investments and personnel. These courses of studies are designed as online Programs so that candidates, who aspire to advance their career relating to local, provincial and national levels of public administration & management, can follow them from their home or office located in any part of the country. The program encourages them to explore theory and practice in both policy analysis and public management that need a mix of skills in order to create career opportunities as managers, analysts and consultants.

The programs of study would not only facilitate candidates to gain advanced knowledge but also help them to put new found knowledge and expertise to practice immediately in their own working environment. The contribution of such candidates to enhance the level of efficiency of the public and private sector delivery and execution of infrastructure and human capital development projects would be the expected outcome of the program.

The study programs provide a broad-based education that will equip the public sector managers with the necessary new knowledge and key transferable skills to begin or enhance their career in public administration & management related activities and business opportunities the course is underpinned by a variety of teaching and learning methods. The objective is to develop and foster self-reliance in analysis and problem solving and to provide with candidates the confidence to seek practical solutions to problems.
