INTRODUCTIONS

The Faculty of Graduate Studies, University of Colombo (FGS-Colombo) offers high-quality postgraduate training programmes where students are encouraged to research in a multidisciplinary environment that pays special attention to the challenges that Sri Lanka faces. The Faculty has made its national and international mission to deploy the skills and developing-country context-based experience of its staff to promote training and research that is of particular relevance to Sri Lanka.

The recently revised development studies programme is conducted in close collaboration with other Universities in Sri Lanka and in the region, as well as with other organizations involved in development related-activities. The curriculum of the programme looks at development issues in a multi-disciplinary manner and emphasizes contextual relevance of training and analysis.

OBJECTIVES

Objective of the program is to provide in depth understanding of development related issues and discourses, both theoretical and practical.

WHO SHOULD APPLY

This is programme aligned with Agenda 2030 and target towards achieving sustainable development in Sri Lanka.

Hence the main objective of the program is to ensure that there is qualified, efficient, and innovative individuals available to satisfy the challenging need for sustainable development in public and private institutions in Sri Lanka. The program is designed to cater to those who are actively involved in development related activities and those who are planning to involve in such activities in the future nationally and globally. They may belong to various training, educational backgrounds and disciplines such as Economics, Geography, Sociology, Political Science, History, Demography, Law, Science, Management, Engineer, Quantity surveyor and other disciplines.

ADMISSION REQUIREMENTS
